Farewell To Dunbar

By Evelyn Tapley

With mixed emotions I say farewell to Dunbar, but must say farewell? For five years this has been my home where I have experienced the greatest joys of my life. I take with me many memories which are as alive as if they had just happened.

Farewell to my teachers? Those energetic, patient people who have taught and counseled me; who have led me to higher phases of learning. Is it easy to say farewell? However, a thank you seems too small, for they have given me years of service. I have grown, not only intellectually, but mentally and physically under their guidance.

My friends, farewell, for all of you have become a part of my life and I will never forget you.

FAREWELL TO DUNBAR

Farewell, dear Dunbar, but is it really good-bye? For on all your fundamentals I'll always rely. You have taught me to be strong and true. To the wonderful faculty, I thank you. A thank you is so small that it could not start to pay for all

To: All Businesses, Clubs, Organizations, Friends of Dunbar High School and members of the "Dunbar Family" who contributed to the Band Drive.

Last October an ambitious program was undertaken-a program to raise \$10,000 for the purpose of providing new uniforms for the Band and majorettes and new robes for members of the Chorus. Our community had not seen anything like this before. The Music Committee planned and organized each step of the campaign. They set up time-tables, quotas, committees, activities, etc. They provided for leadership, publicity, solicitation, accounting. They worked themselves and they inspired students, faculty, alumni, parents and friends to do the same.

The response was such that long as we live. We received letters from all over the country and some foreign lands containing checks and money orders, advice and encouragement. AN OPEN LETTER TO THE STUDENT BODY

Dear Editor:

As the first step of my formal education ends, I can not help recall the five happy and prosperous years spent here. One thing in particular will always be foremost in my memories. Last year I was elected president of Dunbar's student body. Now since my administration has ended, I wish to thank publicly the entire Dunbar family for making this a most successful and prosperous year and recall some of those successes.

This year the Student Council experienced several "firsts," which included "Dress-Up Day" and a tour of Washington, D. C.

Beginning with its annual Orientation Program, which helps to introduce new students to the school and its rules and regulations, the Student Council began the 1961-62 year. The Scholarship Committee, headed many of us will never forget it as by one of my energetic classmates, began working on programs and projects to boost scholarship here at Dunbar. This project proved to be informative commendation, new prospects, and helpful to the entire Dunbar

The Morale and the Christmas Committees brought the family particular pride in is that this closer together by promoting two "Dress-Up Days" and a splendid Christmas party. The Cultural Program increased our interest in the Fine Arts by sponsoring a concert by music students of We have on hand now \$12,264.34 Norfolk Division, Virginia State

The following seniors were asked, "Will your Alma Mater be as dear to you years from now as it is now?" They gave these answers:

Alberta Johnson: "My Alma Mater will always be dear to me because of the friends I have made, the fun I had, the struggles that confronted me, the suspense at exam time, and football and basketball games. But best of all I like to think that I will always be a part of Dear Ole Dunbar High."

Robert McCoy: "I love my Alma Mater and will uphold it until I decease from this earth. I tried my best to help bring her fame. In doing so, I became disappointed with myself for not trying hard enough."

Phyllis Jordan: "To me my Alma Mater means many hard enduring days with many happy memories. I will always remember her."

Shirley Reaves: "To me my Alma Mater will always hold 'moments to remember' of my school friends, confidence in our teams and the jams I have been in during my stay."

Elaine Calloway: "I love my Alma Mater and I hate to leave the rest of my Dunbar Family."

Barbara Davis: "I like my Alma Mater and I will never forget her. I will always be reminded of the many friends that I have made."

Ruth Haley: "I love my Alma Mater simply because it has become a part of me during

Farewell, Farewell.

Why Look Back? By Billie Smith

Whenever a person comes to the end of some phase in his life, whether pleasant or not, he looks back over that phase. There are many beneficial reasons for reviewing each phase.

It gives him the pleasure of reliving the enjoyable events, especially when he is in a despondent mood. Remembering his mistakes and the results of them helps prevent him from making the same mistakes again. His former successes give him inspiration for future endeavors. He knows that the knowledge he obtained can never be taken away from him. He experiences much satisfaction if he has taken advantage of every opportunity offered to him. He remembers with gratitude those who have helped him.

The Dunbar High School Senior Class of 1962 has come to such a period in their lives. For them, it is the end of public school education and the threshold of adulthood. They are now on their own. Whatever they do-go to college, get a job, get married-will be entirely new and different from their twelve years of public education.

Looking back over these twelve years, the graduate experiences a mixture of emotions. He feels pride that he has finally reached the goal that many of his previous classmates failed to reach. He feels joy that he can start out in the world and has the chance to make something of himself. He feels sorrow at leaving so many of his school friends behind and at separating from his classmates. He feels gratitude for all the teachers who willingly shared their knowledge with him so he might be better prepared for this competitive world. He feels fear that he will find it very hard to achieve his ambitions. He feels love for his Alma Mater, which has been his second home for five years.

Yes, if he is wise, he will take a backward look often, not to impede his progress, but to influence him to further advance. With a quickening of his heart he will remember:

> "We love old Dunbar best of all The ideals for which she stands We are her sons and daughters true And we try to bring her fame."

And as each Dunbar graduate goes along in life he WILL of our future. We must become be inspired to "bring her fame" by remembering what she and all those within her walls have taught him. With God's help he cannot fail.

Opportunities For Advancement

By Lillian B. Hale

Today there is much emphasis on achieving excellence in education and on opportunities of financial aid for furthering one's education. Because of the growing interest of the government in education, we have an advantage over all other generations. Therefore, it is expedient that we take advantage of those opportunities offered us.

First, while in high school we can attend summer institutes on college and preparatory school campuses for advanced study if we have maintained good grades.

Secondly, scholarship grants after graduation are available for those students who exhibit talent in any field. Good grades, character, and initiative are pertinent to receive such assistance.

With these thoughts in mind, we realize that good grades and good records are the foundations more aware of their importance! Colleges and universities do not

Billie Smith Heads Class of '62

By Lillian B. Hale

For two consecutive years, girls have headed the graduating classes of Dunbar. This year, top honors are held by Billie Smith, valedictorian, Evelyn Tapley, salutatorian, and Willie Eubanks, third. All are members of the National Honor Society.

Throughout her four years at Dunbar, Billie, who has maintained an average of 92.87, has not confined all her interests to books. She has participated in a wide range of extra-curricular activities. For two years she has served as pianist for the chorus and as an associate editor of the CHRONICLE. As a participant in various Science-Math Conferences, she has won honors in general mathematics, biology, and chemistry. Billie was a member of the cast of "Undertow," which won first place at the State Dramatics Tournament at Virginia State College this winter. Billie will begin her studies at Howard University in the fall.

Evelyn Tapley, editor of the 1962 "Dunbarian," holds the second place in the class. Maintaining an average of 92.81, Evelyn also has participated in many Science-Math Conferences. She plans to become a registered nurse. Like Billie, Evelyn has served as associate editor of the CHRONICLE and was a member of the cast of "Undertow."

Willie Eubanks, who has maintained an average of 91.88, has been an active participant in academic as well as extra-curricular activities. As president of the Future Teachers of America, Willie aided the newly formed in the room on Friday, May 25.

Dunbar P. T. A. School's Chief Supporter

By Ella Coleman

(Editor's Note: This is the last in a series of articles on community agencies that aid needy and deserving students at Dunbar. Although some agencies were not specifically named, everyone at Dunbar is aware of their help and deeply appreciates their many services to the school.)

The Dunbar Parent-Teachers Association is a chief supporter of Dunbar High School. In any school effort or project the P. T. A. gives Dunbar 100% backing. This fine organization, composed of interested parents and the faculty, has never hesitated to render its service to the school. Because there are innumerable ways in which the P. T. A. has given its support, it is impossible to list its services.

However, two activities should be mentioned because of their timeliness. First, the tremendous success of the recent P. T. A.-School sponsored \$10,000 band uniform drive point out how well the P. T. A. supports Dunbar. Because of the P. T. A. members enthusiasm, patience, and fortitude Dunbar's music groups—band and chorus—will have new outfits this fall.

Secondly, the P. T. A. gives financial help for the Commencement activities.

TO THE GRADUATES

By Robert Baldwin Eleventh Grade

Arriving at that time of your expectation:

That long sought for moment of graduation,

We find some of you glad to end Formal education while others extend

This phase of life in varied ways Such as military school and college days.

II

But all of you regardless where You happen to be, will find education there.

Maybe not in books or classes, But you'll find it in the daily masses Of people with whom you come in touch

And learn to love so very much.

III

To you, dear colleagues, who intend to progress

In formal education I wish much success

In whatever you do, wherever you may go

And remember, it's your best that you always should show.

IV

In parting, to some and to the others returning

In September to increase their knowledge and learning,

I would like to leave with you this thought if I might.

It's an excerpt from an essay which Emerson did write:

It states: "Any job worth doing is worth doing well."

And I do hope these words with you always will dwell.

IN THE ARMS OF THE MOUNTAIN

by Elizabeth Seemans Crown—NF—\$4.00

The Seemans, both New Yorkers, decided to make their home way beyond the pavement's end in the heart of the Great Smokies. They had no experience, little know-how, and scant funds for taking up mountain living—but great enthusiasm. There is beauty, tenderness, and sadness in this saga of their fortitude and failure. Also, marvelous wordpictures of mountains and their creatures; the simple, suspicious, and yet generous mountain people. A fine and inspiring piece of writing.

THE MAN WHO ROBBED BRINKS

by Bob Considine

Random House—NF—\$3.95 Even as "The Great Train Robbery" remains the all time classic of early movie thrillers, so the \$1,000,000 Brinks Robbery in Boston promises to become the master crime of its kind. The book is based on a series of interviews with "Specs" O'Keefe, one of the ring leaders, as well as FBI, state and local records. It is an amazing story full of eye witness flavor and told with speed and punch of a star reporter writing copy for a stop-press extra.

Willie aided the newly formed in the room on Friday, May 25 organization in receiving its Even the administrative staff took a side seat (except in cases that required professional attention). It was Senior Day at Dunbar.

The day started very lively with an abundance of talent exhibited during an assembly program. The '62 Review, very ably emceed by Robert McCov, featured pantomimes, vocal groups, interpretive and modern dance groups, vocal and instrumental solos, a ballerina, a comedian, and humorous commercials.

When classes began, the seniors assumed a serious attitude, for they were now elevated to the status of teachers. Each senior who taught a class had previously received his assignment from the teacher of the class. This gave him an opportunity to prepare his lesson for the class he was to teach. Students had been asked for their cooperation by their teachers and by the Senior class president, Barry Johnson.

AFRICAN ENCOUNTER by Robert Collis Scribners—NF—\$4.50

As a medico in African hospitals, Dr. Collis saw more than temperature charts and felt more than pulse beats. A baby specialist, he has some interesting opinions on the expanding population in Africa as well as the attitude of the whites toward the natives. Dr. Collis has the rare gift of communicating his thoughts without rising in the pulpit or leaning on a lectern.

Everyone's cooperation was especially needed this year, for Senior Day was actually on probation. Two years ago Senior Day was discontinued because some seniors had abused their privileges and the trust placed in them. This year's class asked the faculty to reinstate Senior Day which was granted on a tentative probationary basis.

The faculty set up a code of standards for Senior Day. Each senior signed an individual pledge to uphold and abide by these standards. A master schedule of each senior's activities for each period of the day was given each faculty member. The class presi dent and vice-president visited each room where a senior was teaching to see if the youthful teacher was present and carrying out his duties. Seniors who didn't teach classes had to report to their regular assigned ones.

Dunbar Netters Met Competition at Tourney

By John Daniels

Dunbar's six player tennis team entered the competition among high schools of the state at Hampton Institute recently.

Eight players were seeded in the boys' singles event. Seeded as No. 1 player in the event was John Lewis of Armstrong High (Richmond), while John Daniels of Dunbar was seeded No. 5. Four players were seeded in the girls' singles. Norcum's Carolyn Williams, who is the National women's Singles Champ, was seeded No. 1. Christine Richardson of Dunbar was seeded No. 2.

In the singles play the Dunbar netters dropped out in the early rounds of the tourney. Later in the doubles competition, George Lee and John Daniels upset the top-rated Tidewater teams to reach the semi-finals. They were defeated by the No. 1 seeded, Lewis and Brownlee. Christine Richardson and Veronica Saunders were able to reach the finals in the girls' doubles. They were defeated in the finals by the top seeded girls' team.

The State Tournament ended the season for the Dunbar tennis team. The whole team will return next year with hopes of winning the State Championship and going on for honors in the Nationals.

It is the belief of the Student Council that minds must be trained to put forth the best they have to offer, for scholarship has

Student Council Tours Nation's Capital

By Jacqueline Paige

Thirty-one students from Dunbar boarded a bus for a weekend tour of Washington on April 28. Sponsored by the Student Council, the tour was planned to aid the cultural enrichment of the students.

Among the many places visited were the Capitol, the Smithsonian Institute and the Washington Monument. On Sunday evening, the group was entertained by the Symphony for Young Americans with Harvard Mitchell directing. Before returning home, the students toured Howard University, where a faculty member gave a summary of qualifications for entering the University.

Mrs. Y. Ferguson, Mr. A. Thornhill, and Mrs. E. Wilson, Student Council sponsors, accompanied the students. Other chaperones were Mrs. Anne Wesley

A LOVE LETTER

By Veronica Saunders

Dearest "Soldier Boy,"

After receiving your "Love Letters," I felt as though I could 'Shout." But thinking before acting, I thought I'd better "Slow Twist" instead.

I know we will be together, "Any Day Now." "That's My Desire." But the "Moments" we had together still linger on.

"I Sold My Heart to the Junkman" once and I don't intend to any information on their ever sell it again. Because when "I Found You," "I Found A Love." I don't have to say "Don't Play It Again," for "Tra-La-La" will always be our song.

"Twisting Matilda" had a business firms donate prizes party Saturday night and it was really swinging. We "Mashed Potatoes," "Danced the Strand," and "Twisted the Night Away." A guy named "Popeye" asked prizes for all the deserving for a date, but I told him "He Better Move On" because "Something's Got a Hold On

Well darling, there's no more also pays for the decorations to say than these "Three Precious Words," I love you. Until we're The main objective of the together again, remember "The One Who Really Loves You."

With all my love.
